Cancer crusade underway

Once again Appomattox County citizens are being called upon to help support the tremendous program of the American Cancer Society.

For the Appomattox County Unit, ACS, this year's goal is $6,900, an increase of $400.00 over the goal of last year.

The American Cancer Society is most fortunate and grateful for the many neighbors and friends who year after year go door to-door collecting funds to help meet this goal set for our county, according to Beck Hudson and Marge Mims, co-chairmen for the local crusade.

Workers are going door-to-door throughout the county but if somehow you are not called upon and could make a contribution to the Cancer Crusade, please mail in your check to Mrs. Mary Alma Hudson, treasurer ACS, Appomattox, Va. 24522.

Only through the funds collected during the crusade can the research, educational programs, and services be carried on.

Services provided locally are counseling services to patients and families, equipment loans (ACS solely funds the items in the Appomattox Loan Closet), surgical dressings, transportation assisance to treatment areas, rehabilitation programs and short-term emergency drug assistance programs.

The American Cancer Society wants to conquer cancer in YOUR lifetime and with your help this may be accomplished.

When one of the volunteers call on you, please give generously.

If you have questions concerning this fund raising drive and/or the requirements of the American Cancer Society's services, please contact either Mrs. Hudson, Mrs. Mims or Mrs. Janet Noble, president of the Appomattox County Unit, American Cancer Society.

Title 1 PAC meets April 14

The Appomattox Elementary School Title I Parent Advisory Council will meet in the school library Monday evening, April 14, at 7:00 pm.

Mrs. Judy Taylor, Chairman, and Mrs. Shirley West, Secretary, and the other parents on the Council urge all parents to come learn and hear about what Title I offers their youngsters.

Title I is a federally financed program providing instruction for youngsters identified by the school as needing help in reading and mathematics. This instruction is in addition to that given in the regular classroom. These services are offered at the Pamplin Elementary, the Appomattox Primary and Elementary Schools. Six teachers and fifteen teacher-aides are employed in the program, which covers approximately 320 students in grades one through six.

On Monday evening, April 14, there will be exhibits of materials and equipment used in the program. Nancy Goodman, Carolyn Morris and the Title I Director will explain how the program operates. A question-and-answer period will follow their presentations.
